That is where digital transformation comes into play, inviting companies to make a shift in their approach and to evolve from traditional information technologies to flexible digital technologies.

As businesses' technology spending continues to increase, digital technology firms such as Alithya are striving to deliver innovative thinking and in-depth vertical industry expertise, while facilitating business process transformation through the use of the most optimal technologies.

Alithya's competitors in each of its operating and reportable segments include systems integration firms, application software companies, cloud computing service providers, large or traditional consulting firms, professional services groups of computer equipment companies, infrastructure management and outsourcing companies and boutique digital companies. In addition, Alithya competes with numerous smaller local companies in the various geographic markets in which it operates.

Alithya competes based on the following principal differentiating factors: vision and strategic advisory ability, digital services capabilities, performance and reliability, quality of technical support, training and services, global presence, responsiveness to client needs, reputation and experience, financial stability, strong corporate governance and competitive pricing of services.

Alithya also seeks to be an active participant in the ongoing consolidation of the digital technology industry and to leverage its expertise and solutions to offer clients an alternative to larger traditional digital technology solution providers. Alithya is continually looking to expand its capacity and broaden the scope of its service offerings through targeted business acquisitions. Growth through business acquisitions can offer Alithya opportunities to better serve existing clients with additional talent, technology, complementary services and greater scale. Through such business acquisitions, Alithya aims at expanding its existing client relationships by adding capacity in new geographic locations, while opening doors for existing capabilities into new client relationships.

CAPITAL STRUCTURE

Description of Securities

The authorized share capital of the Company consists of (i) an unlimited number of subordinate voting shares, without par value, which are listed under the symbol ALYA on the TSX, (ii) an unlimited number of multiple voting shares, without par value, which are held by a limited number of holders, except that no further multiple voting shares can be issued, except pursuant to the exercise of options to purchase multiple voting shares that were issued and outstanding as at November 1, 2018, and (iii) an unlimited number of preferred shares, without par value, issuable in series. As at March 31, 2024, 88,141,000 subordinate voting shares and 7,274,248 multiple voting shares were issued and outstanding.

The following summary of the material features of the Company's authorized share capital is given subject to the detailed provisions of its articles.

Voting Rights

Each subordinate voting share entitles its holder to one vote per share, and each multiple voting share entitles its holder to ten votes per share at any meeting of shareholders, other than meetings at which only the holders of a particular class or series of shares are entitled to vote due to statutory provisions or the specific attributes of this class or series. If and when issued, preferred shares will have such voting rights as may be determined by the Board at the time of issuance thereof.

The subordinate voting shares are "restricted securities" within the meaning of such term under applicable Canadian securities laws in that they do not carry equal voting rights with the multiple voting shares. In the aggregate, all of the voting rights associated with the subordinate voting shares represented, as at March 31, 2024, 54.79% of the voting rights attached to all of the issued and outstanding shares.

Rights to Dividends and Rights upon Winding-up and Dissolution

Subject to the prior rights of holders of preferred shares which rank prior to subordinate voting shares and multiple voting shares, if and when issued, holders of subordinate voting shares and multiple voting shares are entitled to receive pari passu any dividends and the remainder of the Company's property in the event of a voluntary or involuntary winding up or dissolution, or any other distribution of assets among shareholders for the purposes of winding up the Company's affairs.

Conversion Rights

Multiple voting shares are, at the holder's entire discretion, convertible into subordinate voting shares on a share for share basis and shall be automatically converted upon their transfer to a person who is not a Permitted Holder (as defined below) or upon the death of a Permitted Holder, unless acquired by any of the remaining Permitted Holders in accordance with the terms of the voting agreement dated November 1, 2018 entered into between the Permitted Holders (the "Voting Agreement"), a copy of which is available on SEDAR+ at www.sedarplus.com and on EDGAR at www.sec.gov. The multiple voting shares are not convertible into any other class of shares. **Under applicable Canadian laws, an offer to purchase multiple voting shares would not necessarily require that an offer be made to purchase subordinate voting shares.** However, as indicated above, multiple voting shares shall be automatically converted into subordinate voting shares on a share for share basis upon their transfer to a person who is not a Permitted Holder.

If and when issued, preferred shares will have such conversion rights as may be determined by the Board at the time of issuance thereof.

For purposes of the above and below paragraphs, a "Permitted Holder" means each of Paul Raymond, Ghyslain Rivard, and Pierre Turcotte, and the entities over which they have control.

Restrictions on Transfer

Subject to the terms of the Voting Agreement, Permitted Holders cannot sell or otherwise transfer multiple voting shares to a person who is not a Permitted Holder, unless they first convert those shares into subordinate voting shares on a share for share basis, and then transfer such subordinate voting shares.

DIVIDENDS

The Company does not currently expect to pay dividends on the subordinate voting shares or the multiple voting shares in the foreseeable future. The Company anticipates that it will retain all earnings, if any, to support its operations. Any future determination as to the payment of dividends will, subject to Canadian legal requirements and the Company's articles, be at the sole discretion of the Board and will depend on the Company's financial condition, results of operations, capital requirements and other factors the Board deems relevant. Currently, the provisions of the Company's Credit Facility place certain limitations on the amount of cash dividends that the Company could pay.

Pre-approval Policy and Procedures

The Audit Committee has adopted a policy and procedures for the pre-approval of engagement for services of its external auditor, which list prohibited services that the external auditor may not provide and require pre-approval of all audit and non-audit services provided by the external auditor.

For all permitted services, a request for pre-approval must be submitted to the Audit Committee through the Chief Financial Officer prior to engaging the external auditor to perform the services. The Audit Committee considers such requests, if applicable, on a quarterly basis, and, if acceptable, pre-approves such audit and non-audit services. During its deliberations, the Audit Committee assesses, among other factors, whether the services requested are prohibited and whether they, and the fees related thereto, could impair the independence of the Company's external auditor.

Notwithstanding the foregoing, in the interest of efficiency:

- The Audit Committee has delegated to the Chair of the Audit Committee the authority to effect such pre-approval from time to time. The Chair must, however, present all pre-approvals of non-audit services to the Audit Committee at the first meeting of the Audit Committee subsequent to such pre-approval.
- Certain permitted services are pre-approved with an envelope by the Audit Committee and thereafter only require approval by the Chief Financial Officer prior to the engagement. For services not covered by the pre-approved envelopes and costs in excess of the pre-approved amounts, separate requests for pre-approval must be submitted to the Audit Committee.
- At each meeting of the Audit Committee, a consolidated summary of all fees by service type is presented including a breakdown of fees incurred within each of the pre-approved envelopes.

Since the implementation of the Audit Committee pre-approval procedures in 2019, all audit and non-audit services rendered by the external auditor have been pre-approved in accordance therewith.

The Audit Committee also approves, on an annual basis, the fees charged to the Company by the external auditor for the current and following year.

4. Management is responsible for the preparation, presentation and integrity of the Company's financial statements. Management is also responsible for maintaining appropriate accounting and financial reporting principles and policies and systems of risk assessment and internal controls and procedures designed to provide reasonable assurance that assets are safeguarded and transactions are properly authorized, recorded and reported and to assure the effectiveness and efficiency of operations, the reliability of financial reporting and compliance with accounting standards and applicable laws and regulations. Management is also responsible for monitoring and reporting on the adequacy and effectiveness of the system of internal controls. The external auditor is responsible for planning and carrying out an audit of the Company's annual financial statements in accordance with generally accepted auditing standards to provide reasonable assurance that, among other things, such financial statements are in accordance with generally accepted accounting principles.

PROCEDURES

5. *Composition* – The Committee shall be comprised of at least three members. None of the members of the Committee shall be an officer or employee of the Company or any of its subsidiaries and each member of the Committee shall be an independent director within the meaning of applicable Canadian and United States securities laws and the NASDAQ corporate governance standards.

All members of the Committee must be able to read and understand fundamental financial statements, including the Company's balance sheet, income statement, and cash flow statement and be "financially literate" (as that term is defined from time to time under the requirements or guidelines for audit committee service under applicable Canadian and United States securities laws and the rules of the Toronto Stock Exchange). At least one member of the Committee must also be an "audit committee financial expert" (as that term is defined from time to time under the requirements or guidelines for audit committee service under applicable Canadian and United States securities laws and the rules of the Toronto Stock Exchange and NASDAQ).

6. *Appointment and Replacement of Committee Members* – Any member of the Committee may be removed or replaced at any time by the Board and shall automatically cease to be a member of the Committee upon ceasing to be a director. The Board may fill vacancies on the Committee by appointing another director to the Committee. The Board shall fill any vacancy if the membership of the Committee is less than three directors. Whenever there is a vacancy on the Committee, the remaining members may exercise all of the Committee's powers as long as a quorum remains in office. Subject to the foregoing, the members of the Committee shall be appointed by the Board annually and each

member of a Committee shall remain on the Committee until the next annual meeting of shareholders after his or her appointment or until his or her successor is duly appointed and qualified.

7. *Committee Chair* – The Board shall designate the Chair by majority vote. If the Chair is absent from a meeting, the members shall select a Chair from those in attendance to act as Chair of the meeting. The Chair of the Committee shall be responsible for leadership of the Committee assignments and reporting to the Board.
8. *Conflicts of Interest* – If a Committee member faces a potential or actual conflict of interest relating to a matter before the Committee, other than matters relating to the compensation of directors, that member shall be responsible for notifying the Committee Chair of such conflict. If the Committee Chair faces a potential or actual conflict of interest, the Committee Chair shall advise the Chair of the Board (or the Lead Director if the Committee Chair and the Chair of the Board are the same person). If the Committee Chair, the Chair of the Board or the Lead Director, as the case may be, concurs that a potential or actual conflict of interest exists, the member faced with such conflict shall disclose to the Committee his or her interest and shall not participate in consideration of the matter and shall not vote on the matter.
9. *Service on Multiple Audit Committees* – Members of the Committee may not serve on the audit committee of more than two other publicly-traded companies unless the Board has first determined that such simultaneous service would not impair the ability of the applicable director to serve on the Committee.
10. *Compensation of Committee Members* – The members of the Committee shall be entitled to receive such remuneration for acting as members of the Committee as the Board may from time to time determine.
11. *Meetings* – The Committee shall meet regularly at times necessary to perform the duties described herein in a timely manner, but not less than four times a year and any time the Company proposes to issue a press release with its quarterly or annual earnings information. Meetings may be held at any time deemed appropriate by the Committee. The Committee may meet in person and by telephone or electronic means.
 - (a) *Calling of Meetings* – The Committee shall meet as often as it deems appropriate to execute its responsibilities. Notice of the time and place of every meeting shall be given in writing, by any means of transmitted or recorded communication, including facsimile, email or other electronic means that produces a written copy, to each member of the Committee at least 24 hours prior to the time fixed for such meeting, with a copy to the Chair of the Board, the Chief Executive Officer and the Corporate Secretary of the Company. However, a member may in any manner waive a notice of a meeting. Attendance of a member at a meeting constitutes a waiver of notice of such meeting, except where a member attends a meeting for the express purpose of objecting to the transaction of any business on the ground that the meeting has not been lawfully called. Whenever practicable, the agenda for the meeting and the meeting materials shall be provided to members before each Committee meeting in sufficient time to provide adequate opportunity for their review. The notice of meeting does not, however, need to state the purpose for which the meeting is being held.
 - (b) *Quorum* – A majority of the members constitute a quorum for the transaction of the Committee business.
 - (c) *Secretary of Meeting* – The Chair of the Committee shall designate a person who need not be a member of the Committee to act as secretary or, if the Chair of the Committee fails to designate such a person, the Corporate Secretary of the Company shall be secretary of the meeting of the Committee. The agenda of the Committee meeting will be prepared by the Chair of the Committee, working with the Corporate Secretary and, whenever reasonably practicable, circulated to each member prior to each meeting.
 - (d) *Minutes* – Minutes of the proceedings of the Committee shall be kept in a minute book provided for that purpose. The minutes of the Committee meetings shall accurately record the discussions of and decisions made by the Committee, including all recommendations to be made by the Committee to the Board and shall be distributed to all Committee members.
12. *Separate Executive and In-Camera Meetings* – The Committee shall meet periodically with the Chief Financial Officer, the head of the internal audit function (if other than the Chief Financial Officer) and the external auditor in separate executive sessions to discuss any matters that the Committee or each of these groups believes should be discussed privately and such persons shall have access to the Committee to bring forward matters requiring its attention. The Committee shall also meet without management present at every regular meeting.
13. *Professional Assistance* – The Committee may require the external auditor and internal auditors, if any, to perform such supplemental reviews or audits as the Committee may deem desirable. In addition, the Committee may, at the Company's expense, retain special legal, accounting, financial or other consultants to advise the Committee in executing its duties.
14. *Reliance* – Absent actual knowledge to the contrary (which shall be promptly reported to the Board), each member of the Committee shall be entitled to rely on (i) the integrity of those persons or organizations within and outside the Company from which it receives information, (ii) the accuracy of the financial and other information provided to the Committee by such persons or organizations and (iii) representations made by management and the external auditor as to any information technology, audit and other non-audit services provided by the external auditor to the Company and its subsidiaries.

15. *Reporting to the Board* – The Committee will report through the Committee Chair to the Board following meetings of the Committee on matters considered by the Committee, its activities and compliance with this Charter.
16. *Outsiders May Attend Meetings* – The Committee may invite members of management or others to attend meetings or provide information as necessary. The Company’s external auditor will have direct access to the Committee at their own initiative.

Powers

17. The Committee shall have the following powers:

- (a) *Access* – The Committee is entitled to full access to all books, records, facilities and personnel of the Company and its subsidiaries. - (b) *Delegation* – The Committee may delegate from time to time to any person or committee of persons any of the Committee’s responsibilities that lawfully may be delegated.
- (c) *Adoption of Policies and Procedures* – The Committee may adopt policies and procedures for carrying out its responsibilities.

The Committee shall annually evaluate the performance of the external auditor and propose the appointment of the external auditor of the Company in the Company’s management information circular for shareholder approval. If the Committee deems it in the best interest of the Company to proceed with a change in external auditor, the Committee shall report to the Board the reasons for the change and any other significant issues related to the change, including the response of the incumbent external auditor, and enquire on the qualifications of the proposed external auditor before approving or rejecting the proposed change in external auditor.
19. The Committee shall approve in advance the terms of engagement and the compensation to be paid by the Company to the external auditor with respect to the conduct of the annual audit. The Committee may approve policies and procedures for the pre-approval of services to be rendered by the external auditor, which policies and procedures shall include reasonable detail with respect to the services covered. All non-audit services to be provided to the Company or any of its affiliates by the external auditor or any of their affiliates which are subject to pre-approval by the Committee shall be approved by the Committee or the Chair of the Committee, in accordance with the Committee’s Pre-Approval Policy and Procedures.
20. The Committee shall annually review the independence of the external auditor and shall make recommendations to the Board on appropriate actions to be taken which the Committee deems necessary to protect and enhance the independence of the external auditor. In connection with such review, the Committee shall:
 - (a) actively engage in a dialogue with the external auditor about all relationships or services that may impact the objectivity and independence of the external auditor;
 - (b) require that the external auditor submit to it, at least annually, a formal written statement delineating all relationships between the Company and its subsidiaries, on one hand, and the external auditor, on the other hand, that may reasonably be considered to bear on the external auditor’s independence;
 - (c) ensure the rotation of the lead (or coordinating) audit partner having primary responsibility for the audit and the audit partner responsible for reviewing the audit as required by applicable law;

21. The Committee may approve any permissible non-audit engagements of the external auditor and its affiliates to the Company and its affiliates in accordance with applicable laws.
22. The Committee shall establish and monitor clear policies for the hiring by the Company of employees or former employees of the external auditor.
23. The Committee shall require the external auditor to provide to the Committee, and the Committee shall review and discuss with the external auditor, all reports which the external auditor is required to provide to the Committee or the

Board under rules, policies or practices of professional or regulatory bodies applicable to the external auditor, and any other reports which the Committee may require. Such reports shall include:

- (a) a description of the external auditor's internal quality-control procedures, any material issues raised by the most recent internal quality-control review, or peer review, of the external auditor, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more audits carried out by the external auditor, and any steps taken to deal with any such issues; and
 - (b) a report describing (i) all critical accounting policies and practices to be used in the annual audit, (ii) all alternative treatments of financial information within generally accepted accounting principles related to material items that have been discussed with management, ramifications of the use of such alternative disclosures and treatments, and the treatment preferred by the external auditor and (iii) other material written communication between the external auditor and management, such as any management letter or schedule of unadjusted differences.
24. The Committee shall review the performance of the external auditor, including assessing their effectiveness and quality of service, annually and, every 5 years, perform a comprehensive review of the performance of the external auditor over multiple years to provide further insight on the audit firm, its independence and application of professional skepticism.
 25. The Committee is responsible for resolving disagreements between management and the external auditor regarding financial reporting.

Appointment and Oversight of Internal Auditors

26. The appointment, terms of engagement, compensation, replacement or dismissal of internal auditors, if any, shall be subject to prior review and approval by the Committee. 27. The Committee shall obtain from the internal auditors, if any, and shall review summaries of significant reports to management prepared by the internal auditors, or the actual reports if requested by the Committee, and management's responses to such reports, as applicable.
28. The Committee shall, as it deems necessary and applicable, communicate with the internal auditors, if any, with respect to their reports and recommendations, the extent to which prior recommendations have been implemented and any other matters that the internal auditors bring to the attention of the Committee. 36. The Committee will review and resolve disagreements between management and the external auditor regarding financial reporting or the application of any accounting principles or practices.

Oversight and Monitoring of Internal Controls

37. The Committee shall, as it deems necessary, exercise oversight of, review and discuss with management, the external auditor and the internal auditors, if any:
