

OUR EXPERTISE

STRATEGIC ADVICE AND ORGANIZATIONAL CHANGE

YOUR SITUATION

The worlds of business, technology and human affairs are changing and growing ever more complex. You must keep up. You want to:

- Improve your organizational performance
- Transform your organization, in whole or in part
- Minimize resistance to change
- Reap faster benefits

OUR SOLUTION:

- A thorough diagnostic/analysis to identify problems (which are invariably multifaceted, complex, and require care and finesse to resolve)
- An intervention plan, based on the diagnostic and divided into one or more organizational projects
- Incorporation of change management into every step
- A dynamic and rigorous process to address organizational problems that may impede your company's growth

OUR APPROACH

A structured approach, based on a thorough diagnostic, considers your ability to adjust to change so your organization can reach its targets and reap the desired benefits.

In coordination with your company, and while ensuring respect for your context and culture, we will help develop your organization's capacity to face present and future challenges.

A STRONG AND
SUCCESSFUL
TEAM

At Alithya Strategy, we offer the following strategic advice and organizational change services:

A SKILLED TEAM MAKES ALL THE DIFFERENCE

- Our experienced consultants can assist or take full control of a project, while respecting your organizational culture
- Our multidisciplinary team can effectively address a wide range of issues
- Use of Alithya Strategy standard processes and foundations (templates, standard deliverables, measurement tools, etc.)
- We provide oversight and innovation for our clients
- Access to a pool of experts to answer any and all questions
