

# Project Management

## How we can help

Alithya will help plan and execute your projects:

- > Business and technology project management
- > Execution (development, optimization, maintenance, migration or integration)
- > Coaching and guidance, decision-making assistance, and project audit
- > Business strategy implementation
- > Creation of a culture based on best practices
- > Project office ('Alithya Strategy services)

## What Makes Us Different

Alithya is renowned for the quality of its team, which assists at every stage of your project.

- > Execution of various projects (software installation, systems development, technology and cloud infrastructure, etc.)
- > Prior to execution, in liaison with the business community
- > Specialized, specific and one-time interventions

Highly qualified and certified (PMP, ScrumMaster), our consultants are Agility-based and use the best tools in the business:

- > MSPProject
- > Clarity
- > Primavera

## Our Approach

At Alithya, our approach can help you implement complex projects and achieve your targets.

- > Methodology adapted to the needs of your projects and organization
- > Greater oversight of projects and risks
- > Strict accountability and clear management indicators
- > Effective coordination to ensure maximum synergy for your projects' benefits
- > Dedicated community of practice, and knowledge sharing

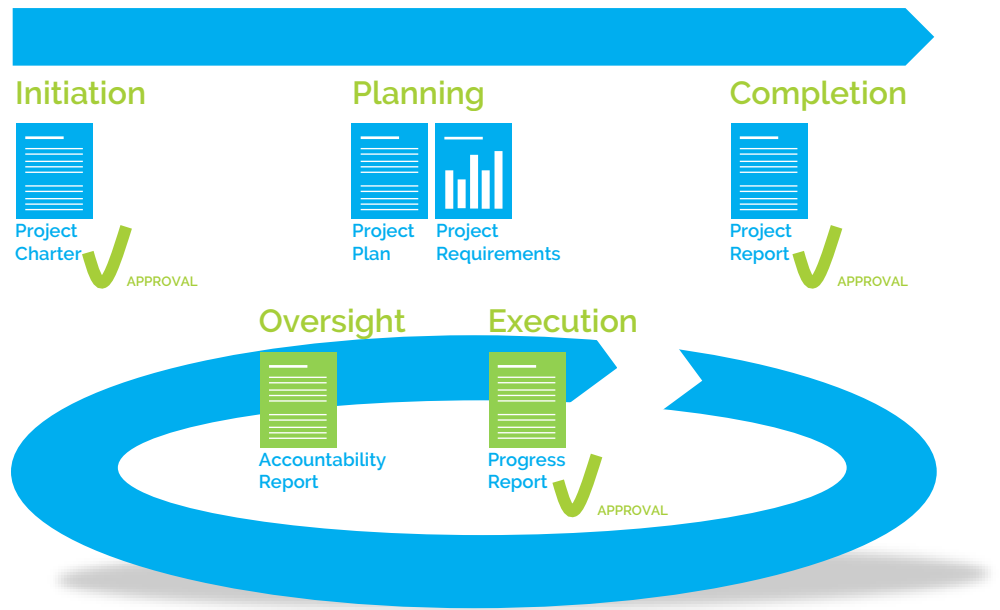

## Our Results

Our results are closely aligned with your business strategy and objectives.

- > High performance and quality solutions
- > Optimal documentation
- > Accurate reporting and transparent communication

## Our Process

The project management cycle consists of the following steps.

## Our Areas of Interventions
